

## Suitcase And Atoms

Elliott

The citizens are looking quite the same  
But then again we are check the files  
And learn its not OK to go quite  
That far I guess well take it back assuming  
That's OK tenants took all the medical files  
I guess I'll do the same assuming  
That this conversation will allow us to get by suitcase

Is all we've got suitcase  
And atoms allow us to get by suitcase  
And atoms are all we've got  
I guess well take it all not a trace of  
Where you hide all the medical files  
To keep me in the straight assuming  
That this conversation allows us  
To get by suitcase is all we've got
