

Pilot To Paradise

Eloy

We contain a LIGHT - IT's a twinkling FIRE,
We're in possession of the GOLDEN KEY!
Enormous ignorance surrounds the LIAR,
But OUR SPIRIT could really tell US PRODIGY!
Will-o'-the-wisps, so countless by OUR side,
Try to make US stumble, wanderin' and glide!
PILOT TO PARADISE - open OUR eyes!
PILOT TO PARADISE - make US wise!
Millenniums ago, ADAM swallowed the KEY,
Now IT dwells inside of OUR INNER SECRECY!
To discover the GUARDIAN of HARMONY,
WE gotta immerse into OUR INNER SEA!
IT animates US, makes US wonder and act,
And IT only depends on US - as a natural fact:
Whether IT is far as the farthest star,
Or whether IT is near, so clean and so clear!
So, let's look for the PILOT,
leading through OUR night!
At the tunnel's end - I am sure -
WE'll discover the LIGHT!
And I know there's SOMEONE to hold US tight!
MAN'S damned to fight, only LOVE
and TRUTH will bring US the LIGHT!
PILOT TO PARADISE - open OUR eyes!
PILOT TO PARADISE - make US wise!
