

# If The River Can Bend

Elton John

I don't know what to say  
I don't know where the light shines  
It's a grey dawn rising on a green hill  
And there's so much behind us

I don't know where we go  
I sure feel there's something out there  
There's a great awakening and a new morning  
And your spirit's pounding loud and clear

If the river can bend  
I'll find you waiting  
Home at last from the wild sea  
All the twists and turns  
We've made together  
All the boats you rocked  
With your harmony  
If the river can bend  
If the river can bend  
If the river can bend  
If the river can bend

Come and embrace the struggle  
But win or lose we live here  
Build a new beginning on an old rock  
Breathe deep of the sweet fresh air
