

When I Go

Emancipator

I like to sing off key a lot
Just to get into it
I'm doing it on purpose

When I go
I will stay long gone

When I go
I will stay long gone

When I go
When I go
When I go

I will stay long gone

When I go
I will stay long gone

Away

When I go
I will stay long gone

When I go
I will stay long gone

Away

When I go
When I go
When I go

I will stay long gone

Away

Falling
Falling
Falling

Oh he drove all his days just to hold one against her
And then he rode to her house in the dead of the winter

Say
Why not?
Why not?
Why not?
Why not me?

Away

When I go
When I go
When I go

I will stay long gone

Gone
Gone
Gone

"How do you like that for harmony?"

Oh he drove all his days just to hold one against her
And then he rode to her house in the dead of the winter

Say
Why not?
Why not?
Why not?
Why not me?

Oh he drove all his days just to hold one against her
And then he rode to her house in the dead of the winter

Say
Why not?
Why not?
Why not?
Why not me?

You are nourishing.
That's what he said
