Upside Down

Emir Kusturica The no smoking orchestra

Life is just a simple game Between up and down Life is just a simple game Makes things go around

What is down should go up
What is up must go down
God first showed us the endless sky
Then the underground

What is up and what is down Who will buy and who will sell Heaven sometimes covers us But sometimes it is hell

The head is up and ass is down Is it right or is it wrong Sometimes It should go around Ass instead of head

The ass is up and head is down
The same flash same sound
God first show us the endless sky
Then the underground
