

## Gliding Bird

Emmylou Harris

Gliding bird gliding through the sky  
I'm wondering why I can't be why I can't be as free  
Gliding bird gliding all day long  
Sing your secret song away from all these faces that I see  
Is where I want to be

My feet are so tired  
They walked too many miles  
If I run so wild like heaven's child  
I'll learn to fly someday

Gliding bird riding in the sun  
Rainbow colors run  
I hear the wind  
I hear its mournful call

Gliding bird high above the sea  
Is it longing to be free  
Your voice is silent  
But your wings tell all
