

# Bounce

Emphatic

Bounce, bounce, come on, baby  
Bounce, bounce, come on, baby

I don't care about a thing  
As long as I get to you  
'Cause I like your back tatt  
Smacking that is all that I wanna do to you

So come on over, baby girl  
Let me give you a ride a ride  
Let me kiss your sweet lips  
You know that I'll do you right all night

By the way, you've been looking at me  
I can see that you want it come get it

Bounce, bounce, you know I love the way you  
Bounce, bounce, so come on, baby, abuse me  
You know I love the way you  
You know I love the way you do me dirty

I like your black dress  
With your hair a mess you're the only one  
'Cause I think you're hot  
Show me what you got, don't stop  
Pop lock drop that, girl, you got that

By the way, you've been looking at me  
I can see that you want it come get it

Bounce, bounce, you know I love the way you  
Bounce, bounce, so come on, baby, abuse me  
You know I love the way you  
You know I love the way you do me, baby

The time has come to take it off  
And give it up, let you never get enough, oh yeah

Bounce, bounce, come on, baby  
Bounce, bounce, come on, baby  
Bounce, bounce, come on, baby  
I need to feel you bounce  
I need to feel you bounce

Bounce, bounce, you know I love the way you  
Bounce, bounce, so come on, baby, abuse me  
You know I love the way you  
You know I love the way you do me dirty

Bounce, bounce, you know I love the way you  
Bounce, bounce, so come on, baby, abuse me  
You know I love the way you  
You know I love the way you do me dirty
