

## Eternal Wait

Ensiferum

Over the Forgotten sea  
Voice of angel is calling for me  
Somewhere, where the mountains collide  
That's where I'll find my new life

I have carried this burden so long for you  
that nothing but sorrow I feel  
I have let myself believe  
that nothing would hurt deeper than the truth

Never has the wind blown like thousand years ago  
Everything that I've known has left me on my own  
Never have I felt the rain fall down like the burning flames  
All I see is the face of eternal wait

I hear your silent cry  
lost in the rainy night  
No reason to live for  
one reason to die for

I am the one who has fallen into the path of shadows  
(and that road never seems to end)  
I am the one who has drowned into the river of tears
