

Fingers On It

Enuff Z'Nuff

Tracy baby is it as hard for you
As it is hard for me
To keep on doing what I wanna do
And still live happily?
When I'm alone the situation makes me mad
But when I'm with you I'm so glad
Be so easy just to blow it off
If you weren't so fine
Love's a pity, I can't stand the stuff
So keep that in mind
I know you're looking for someone
Like me to hold
Don't make me fall for you
I need a free road

I got my fingers on it
Not sure I even want it
Oh, God I just don't need it
But I feel it

Let's pretend we don't care at all
And we don't have to stay
And every weekend
I don't have to call
And you don't have to be
I said I like you
Far to many times last night
In our position it's just not right

I got my fingers on it
Not sure I even want it
Oh, God I just don't need it
But I feel it

I said I like you
Far to many times last night
In our position it's just not right

I got my fingers on it
Not sure I even want it
Oh, God I just don't need it
But I feel it

I got my fingers on it
Not sure I even want it
Oh, God I just don't need it
But I feel it

But I feel it, but I feel it
