

# Darkness Darkness

Eric Burdon

(Levinger)  
Darkness, darkness  
Be my pillow  
Take me in and let me sleep  
In the coolness of the shadow  
In the silence of the deep

Darkness, darkness  
Hide my yearning for the things that cannot be  
Keep my mind from constant turning  
Towards the thing that cannot see  
Thing that cannot see,  
Thing that cannot see.

Darkness, darkness  
Long and lonesome is the day that brings me everything  
I have felt the edge of sorrow,  
I have known the depth of fear.

Darkness, darkness  
Be my blanket  
Trouble me with your endless night,  
Take away, take away, take away the pain of knowing  
Fill the emptiness with bright  
Emptiness with bright,  
Emptiness with bright

Darkness, darkness  
Be my blanket  
Take me in and cover me  
Take away, take away, take away the pain of knowing  
Fill the emptiness with bright,  
Emptiness with bright,  
Emptiness with bright

Emptiness, loneliness  
Take away  
Emptiness, loneliness  
Take away  
My sorrow
