

# Goodnight Goodbye

Eric Hutchinson

Where do we go  
When we are down to our last night  
And we are all grown up  
Get to the point  
See if we know what it looks like  
And I will show you love

I don't want to go  
I don't want to stay  
I feel a little bit of something in my way  
I don't want to go  
I just want to feel tonight  
And I hear you saying  
Goodnight goodnight  
Goodnight goodnight goodbye

Where will we see  
And what do you think we'll dream about  
When we are standing outside in a middle of a lonely road  
We're staring down youth  
Everyone else will get knocked out  
But we will not get old

I don't want to go  
I don't want to stay  
I feel a little bit of something in my way  
I don't want to go  
I just want to feel tonight  
And I hear you saying  
Goodnight goodnight  
Goodnight goodnight goodbye

I don't know where  
I don't know why  
But we are here tonight  
We will all take flight  
And our future's all feel bright

I don't want to go  
I don't want to stay  
I feel a little bit of something in my way  
I don't want to go  
I just want to feel tonight  
And hear you saying goodnight goodnight  
And I hear you saying goodnight goodnight  
And I hear you saying goodnight  
And I hear you saying goodnight goodnight tonight  
Goodnight goodnight goodbye
