

I'm As Free As The Breeze

Ernest Tubb

I'm as free as the breeze happy as you please
While you're singing the blues in the rain
Used to have me begging down on my knees but you'll never see me there again
You had a bed of clover when you stay with me
But now you're on the outside and I've got the key
And I'm as free as the breeze happy as you please
While you're singing the blues in the rain
I'm as free as the breeze happy as you please
While you're singing the blues in the rain
Used to have me begging down on my knees but you'll never see me there again
I'm gettin' tired of carin' all this heavy load
I'm tearin' up your playhouse so get on down the road
Cause I'm as free as the breeze happy as you please
While you're singing the blues in the rain
I'm as free as the breeze happy as you please
While you're singing the blues in the rain
Used to have me begging down on my knees but you'll never see me there again
I used to pay the bills and let you run about
But now your little gravy train has done full out
And I'm as free as the breeze happy as you please
While you're singing the blues in the rain
While you're singing the blues in the rain
