

# You Nearly Lose Your Mind

Ernest Tubb

Well, if you love your mama and you treat her right  
But she keeps on fussin' at you everyday and night  
And she's triflin' on you, they'll do it every time

And when your baby starts steppin'  
Lord, you nearly lose your mind

Now if your mama's mean, take a tip from me  
Lock her up at home but Lord hang on to that key  
'Cause she won't triflin' on you, she'll do it every time

And when your baby starts steppin'  
Lord, you nearly lose your mind

But if your mama's good I'll tell you what to do  
Give her lots of lovin', Lord, but watch her closely too  
'Cause she's gonna trifle on you, they'll do it every time

And when your baby starts steppin'  
Lord, you nearly lose your mind

Now you come home to your mama, find your clothes ain't clean  
You can bet you're slippin' if you know just what I mean  
'Cause she's been triflin' on you, they'll do it every time

And when your baby starts steppin'  
Lord, you nearly lose your mind

Now you may have a mama who says that she is true  
But wait till you get down and out and really need her too  
She'll trifle on you, they'll do it every time

And when your baby starts steppin'  
Lord, you nearly lose your mind

Now I've been lotta places, not much I ain't done  
But when it comes to women, Lord, I just don't trust no one  
Because they'll trifle on ye, they'll do it every time

And when your baby starts steppin'  
Lord, you nearly lose your mind

Nearly drive you crazy
