

Please Elise

Eskimo Joe

Please Elise
Please Elise
Won't you
Undress for me tonight
Well I'm not feeling quite right
And I could
Use some comfort please Elise

Can I lay
Upon your pillow
In your room
That has no windows
Can I call when I get back home
Please Elise
Come rescue me

Well this rocking horse pillow
Won't get me to sleep
Come over now baby
Come over to me
And say no words
Don't even speak
'Cause all I'm asking here
Is come over to me

Please Elise
Please Elise
Come on over
Over to me

If I stay
Would you make me wait
And if I go
Would it be too late
So come on
Come on
Come on
Come on
Come on over
Please Elise
Come rescue me

Well this rocking horse pillow
Won't get me to sleep
Come over now baby
Come over to me
And say no words
Don't even speak
'Cause all I'm asking here
Is come over to me

Please Elise
Please Elise
Come on over
Over to me

Please Elise

Please Elise
Come on over
Over to me
