

# My Kind Of Girl

Espen Lind

Say you're my kind of girl  
Because you're very lovely, because you're very holy  
Place no one above you  
You're the one that hypnotize me  
Got me feeling iray  
I think about you all day

She got an African mum, an African dad  
But they never let her out  
They want her to be bad  
They tell her to go to classes  
And straight after classes, they tell her to be back

Cause if her daddy ever catches us, it's gonna be a wrap  
And I ain't talking about what I'm doing on the track

They want her with a lawyer or anyone who has a suit  
Like a doctor, or diplomat, and it's true

Say you're my kind of girl  
Because you're very lovely, because you're very holy  
Place no one above you  
You're the one that hypnotize me  
Got me feeling iray  
I think about you all day
