

I Wanna Love You

Estelle

Haaaaa haaaaa (haaaa haaaaa)
There!
Haaa ohhhh
Yeah ok
S'too the rets yo

(2x):
I wanna love you,
I wanna hold you,
I wanna kiss you,
I wanna hug you

Well i get these gaps in time
Where i've been spacin you on my mind
... you make me feel so fly,
... singin me lullaby's
I like how bad it seems so wrong
To feel this weighin it feels so strong
You better sing me a lullaby
So baby come on come one

(2x):
I wanna love you,
I wanna hold you,
I wanna kiss you,
I wanna hug you

You come over and you kiss my face (you kiss my face)
Felt like i want you more without saying a thing ??
Memorizing this moment believe i la la la la la
You took my hands you kiss my lips
Im thinking this is it

(2x):
I wanna love you,
I wanna hold you,
I wanna kiss you,
I wanna hug you
...
