

A Matter of Time

Eterna

I Really don't care about
The reason... it's moving lives
I really don't care
About the reason...

Falling asleep every night.
Before the lights go on.
It's time to forget
The time that has forgotten me

Invisible wonder ...
The best dream of my soul!
The eternity in a portrait...
The best reason for my soul
Goes on and on ...
You Know... a matter of time
It's a brief to love the wisdom of time!
It's a matter of time
The waiting is too long
And deep in my mind!!

I really don't care about
Tomorrow after this night ...
I really don't care about
One more day...

Falling asleep every night.
Before the lights go on
It's time forgive
The time that hasn't forgiven me!

Invisible...
You know ... a matter...

Invisible
You know... a matter...
