

Talk to Me

Europe

It's not like before, baby
You can't come running back no more

Talk to me when it cuts like a knife
You just talk to me, baby
When the feelin' ain't right
Who do you think you're foolin'? Not me
Oh, no, no, no

September rain is fallin'
I see you on the street just passin' by
And though your lips are smilin'
I can see the coldness in your eyes

So hell is what you've been through
Well, I never thought I'd see you 'round here no more
Now you need someone to talk to
Just like before

You only talk to me when it cuts like a knife
Yeah, you just talk to me, baby
When you're hurt deep inside
Who do you think you're foolin'? Not me
No, no, no baby

You had to have it your way
From you that was a promise, and a threat
Now you look for consolation, baby
Just remember what you give is what you get

The hardest part was changin'
I was holdin' on the dreams from yesterday
Well, I used to be here waitin'
Here's what I say

"You only talk to me when it cuts like a knife
Yeah, you just talk to me baby
When the feelin' ain't right
Who do you think you're foolin'? Not me"

Oh, so hell is what you've been through
Well, I never thought I'd see you round here no more
Now you need someone to talk to
Just like before, baby

You only talk to me when it cuts like a knife
Yeah, you just talk to me baby
When you're hurt deep inside
Who do you think you're foolin'?

Oh, you only talk to me when it cuts like a knife
Yeah, you just talk to me baby
When the feelin' ain't right
Who do you think you're foolin'? Yeah
Who do you think you're foolin'?
Who do you think you're foolin'? Not me
