

## New Way To Bleed

Evanscence

Save your twisted enemy,  
so you might earn forgiveness.  
You know your whole world is waiting,  
so why can't you speak?

I feel it coming over me,  
I'm still a slave to these dreams.  
Is this the end of everything  
or just a new way to bleed?

So go and tell all your friends  
that I'm a failure underneath  
if it makes you feel like a bigger man.  
But it's my, my heart, my life,  
that you're calling a lie.  
I've played this game before.

I feel it coming over me,...

I drifted far beyond the end  
freedom, freedom  
can't you feel the ground caving in?  
Freedom, give us a reason to believe again!

I feel it coming over me,...
