

I'm In Love

Evelyn "Champagne" King

I been thinkin' about you
The way I feel 'bout you

I had you, on my mind
When we met it all happened so fast
There was love, in your eye
When we touched, there was love so let's make it last

Sometimes you can't tell if love is real (If love is real)
Ain't no doubt about the way I feel (Way I feel)

I been thinkin' about you, and there ain't no doubt
about it
I'm in love
The way I feel about you, there just ain't no doubt
about it
I'm in love

I'm in love (2x)

I woke up, late last night
Visions of you will be seen
Needed you, by my side
Now with you in my life I can live in this dream

Sometimes you can't tell if love is real (If love is real)
Ain't no doubt about the way I feel (Way I feel)

I been thinkin' about you, and there ain't no doubt
about it
I'm in love
The way I feel about you, there just ain't no doubt
about it
I'm in love

I'm in love (I'm in love yeahhhhh)
I'm in love, I'm in love, In Love
Lo-ove, lo-ove

I been thinkin' about you-oo

The way I feel about you-oo

I'm in love (I'm in lo-uh-ove)
(mm, lo-uh-ove)
I'm in love (I'm in love, love, lo-uh-uh-ove, yeah yeah
yeah)

I been thinkin' about you, and there ain't no doubt
about it
I'm in love
The way I feel about you, there just ain't no doubt
about it
I'm in love
