

# I Want to Die a Beautiful Death

Everclear

Everybody here in the small town  
Looks used and abused today  
Everybody here is looking outside  
Man, seems like nothing ever changes  
Everybody they just want to have a good time  
Everybody they just want to forget  
Everybody wants to feel like they did when the sky looked good  
And the world was perfect

I don't care  
I just want to die pretty  
I just want to get lost in the motion  
I just want to get lost in my beautiful self  
I just want to get lost in the city  
I don't want to live forever  
I want to die a beautiful death

Yeah, I got to get the hell out of this town  
Everybody's looking upside down  
Everybody is looking for the same thing  
Really seems like nothing ever changes  
Everybody they just want to buy a slow ride  
Everybody they just want to get buy  
Everybody wants to feel like they did when the sky looked high  
And the world was simple

I don't care  
I just want to die pretty  
I just want to get lost in the motion  
I just want to get lost in my beautiful self  
I just want to get lost in the city  
I don't want to live forever  
I want to die a beautiful death  
I want to die a beautiful death  
I just want to die a beautiful death  
I just want to die a beautiful death  
I just want to die pretty

(Oh, oh)  
I just want to die pretty  
Just want to die pretty  
Sometimes I just want to die

I just want to get lost in the moment  
I just want to get lost in the city tonight  
I just want to get lost inside myself  
I don't care about nothing  
I just want to get lost in the motion  
I just want to get lost in my beautiful self  
I just want to get lost in the city  
I don't want to live forever  
I want to die a beautiful death  
I want to die a beautiful death  
Yes, I want to die a beautiful death  
I just want to die a beautiful death  
I just want to die pretty
