

Come Taste the Rainbow

Example

I used to look up but now I look down
Bet you're too afraid to take a look at me now
I used to look up but now I look down
Bet you're too afraid to take a look at me now
I used to look up but now I look down
Bet you're too afraid to take a look at me now
I used to look up but now I look down
Come take a look at me

Never put me on a pedestall
Terrible things I've done
Just call me indelible
Can't clean up my conscience
Aerial ultra
God damn I'm cultured
Eat chicks up just like a vulture
I was never like this then I got older
Some say wiser, some say cold
Don't say I didn't warn you, I already told you
Flash bastard, so plastered
Been too loud ever since classroom
I'm just battling demons
Seemingly it's what I'm always tossed with
On purpose constant curses just gets worse and worse
Plus a bit of Asperges, ADHD, OCD, I'm OTT
Without the need of Coke or Ketamine
Methylin, Dioxide, Methamphetamine
Maybe one day I'll think about settling
Put on the kettle and maybe watch a little bit of television
Think I lost touch
Don't know shit cause I'm always fucked
High on life
Why do I get by on shit my wife don't like
Lots of crying, lots of crimes
Lots of lying, not so wise
What's the time? Time applied
Something something, what's the rhyme
Never find love at the bottom of a bottle
No role model but I'm rolling with models
Chosen wise I've chosen poorly, same ol' story

I'm missing my halo, where did today go?
Why does it rain so much when it says so?
Let me show you all the beautiful things
What do they know?
Come taste the rainbow

I'm missing my halo, where did today go?
Why does it rain so much when it says so?
Let me show you all the beautiful things
What do they know?
Come taste the rainbow

Come taste the rainbow
Come taste the rainbow
Where did today go?
Where did today go?

Mmmmm

Always gonna live like it's my last day

Oohhhh

Always gonna live like it's my last day

Always gonna live like it's my last day

Oohhhh

Always gonna live like it's my last day

I'm missing my halo, where did today go?

Why does it rain so much when it says so?

Let me show you all the beautiful things

What do they know?

Come taste the rainbow
