Face to Face

I'll never feel again
I'll never feel again
Then I won't have to feel this pain
I'm in if it sounds familiar

Because nothing ever goes the way I've planned

Then you don't have to try and understand
I'll never feel again

I'll never feel again
Then I won't have to feel this pain
I'm in
I'm not a great example of everything

I know I'm no exception
I've questioned everything
I used to trust a question of necessity or lust

I'll never feel again
I'll never feel again t
Hen I won't have to feel this pain
I'm in it's as simple as you make it

And as complicated as who you think you are
