

Should Anything Go Wrong

Face to Face

In case of emergency
Break this glass
And pray the alarm makes a sound
The thought is killing me
I'm here on my own
your nowhere left to be found

I cant explain these memories away
I'm not going to lie to you now, should anything go wrong
There's little that I can do now, should anything go wrong
Please take these things, and don't come try and find me

For your security
Please try and stay calm
Remember what we talked about
I got a hole in me
But I'm not afraid
And neither should you be for now
