

# There Will Come A Day

Faith Hill

1. It's not easy trying to understand  
How the world can be so cold, stealing the souls of man  
Cloudy skies rain down on all your dreams  
You wrestle with the fear and doubt  
Sometimes it's hard but you gotta believe

R: There's a better place, where our Father waits  
And every tear he'll wipe away  
The darkness will be gone, the weak shall be strong  
Hold on to your faith  
There will come a day  
There will come a day

2. Wars a raging, lives a scattered  
Innocence is lost and hopes are shattered  
Old are forgotten, the young are forsaken  
In this world we're livin' in  
Is there anything sacred

R: There's a better place, where our Father waits  
And every tear he'll wipe away  
The darkness will be gone, the weak shall be strong  
Hold on to your faith  
There will come a day  
There will come a day

\*: The song will ring out down these golden streets  
The voices of earth with the (stop) angels will sing  
Every knee will bow, sin will have no trace  
In the glory of his amazing grace  
Every knee will bow, sin will have no trace  
In the glory of his amazing grace  
There will come a day  
There will come a day  
Oh, there will come a day  
I know there's comin' a day, comin' a day
