

Love is My Condition

Faithless

Love is my condition
Fired
Love is my condition
Fired
Love is my condition
Fired
Fired
Has been fired

Love is my condition
Fired
Fired
Has been fired

Once the catch has been caught
Money has been counted
Once the shot has been fired
T' killing's done

Once the catch has been caught
Money has been counted
Once the shot has been fired
T' killing's done

Birds have flown
Train has pulled out
Fired

Wash my face
N' then undress
Close the curtain
N' leave the mess
Knowing
Fired

Pills won't help it
Words won't help it
Money can't help it

Pills won't help it
Words won't help it
Money can't help it

Once the bet has been drawn
The bodies have been counted
Once my shot has been fired
Fired
Fired
Fired
Fired

(Knowing... pills won't.....)

I wash my face
And then undress
Close my day
And leave the mess

Love is my Condition
Knowing

Pills won't help it
Words won't help it
Money can't help it

Pills won't help it
Words won't help it
Money can't help it
