## Fake Problems

It was funny at first but now it's, getting old  
the way you seem to reappear, when I start moving on  
Well I heard you were at some parties, getting high with my friends

Hey baby it's kinda funny, you started smoking weed again

Nowadays I get up, around 8 or 9 'o clock  
I've been real productive,  
I've been writing songs,  
and I've been singing a lot  
Now I don't do half the stupid things I did behind your back  
In fact since you have been away I've had no use for that

But I've come dangerously close,  
to giving it all up  
You know you weren't the only one  
I didn't pretend to love

Do you  
remember when you were away at school and I was still living with my mom  
Do you remember the things we'd say to each other, over the phone.  
One night you were so drunk that you said you could be with me forever  
and I thought I was so cool when I said "My dear that'd be my pleasure"

Well, towards the end there, we really lost our steam  
Felt such disconnect from everything, my sleep, I wouldn't dream  
But now I don't feel so damn heartless anymore,  
cause I feel the passion I didn't believe in before

and I'm so glad I do  
still believe in you  
You know you weren't the only one  
I didn't pretend to love

you always have nothing to say  
but it's such a beautiful, blank face  
I'd say keep in touch, but I'm sure you won't  
make that mistake
