

## (Coffee's For Closers)

Fall Out Boy

I can't explain a thing  
I want everything  
To change and stay the same oh time  
Doesn't care about anyone or anything  
Come together  
Come apart  
Only get lonely when you read the charts

And oh baby, when they made me, they broke the mold  
Girls used to follow me around then I got cold  
Throw your cameras in the air  
And wave them like you just don't care

I will never believe in anything again  
I will never believe in anything again  
Though change will come  
Oh change will come  
I will never believe in anything again

We will never believe again  
Kick drum beating in my chest again  
We will never believe again  
Preach electric to a microphone stand

I'm a mascot for what you've become  
I love the mayhem more than the love

And oh baby, when they made me, they broke the mold  
Girls used to follow me around then I got cold  
Throw your cameras in the air  
And wave them like you just don't care

I will never believe in anything again  
I will never believe in anything again  
Though change will come  
Oh change will come  
I will never believe in anything again

We will never believe again  
Kick drum beating in my chest again  
We will never believe again  
Preach electric to a microphone stand

Throw your cameras in the air  
And wave them cause I just don't care  
Throw your cameras in the air  
And wave them cause I just don't care

I will never believe in anything again  
I will never believe in anything again  
Oh oh though change will come  
Oh change will come  
I will never believe in anything again  
I will never believe in anything again  
Oh change will come  
Oh change will come  
I will never believe in anything again

We will never believe again  
Kick drum beating in my chest again  
We will never believe again  
Preach electric to a microphone stand

We will never believe again (I will never believe in anything again)  
Kick drum beating in my chest again  
We will never believe again (I will never believe in anything again)  
Preach electric to a microphone stand

We will never believe again (I will never believe in anything again)
