

Psyche Or Like Scope

Family of the Year

Oh yeah we've got somewhere to go tonight
Oh yeah we've got somewhere to go
Tie dyed undercurrent paradise
You got sequins in your eyes
Just turn it up to turn me on
The sun has never seen the night like us

(one two three four)

The only way you can make me stay is if you give me more so I c
an stay
this way
Paralyzed
You went to sleep alone but you woke up to a surprise

Tonight I'm friends of friends of everyone
I'm selling secrets to the sky
Oasis in the salty nights
Kaleidoscope of song
This city always falls asleep
I'm moving, moving on

Oh yeah we've got somewhere to go tonight
Oh yeah we've got somewhere to go
Tie dyed undercurrent paradise
You got sequins in your eyes
Just turn it up to turn me on
The sun has never seen the night like us

The only way you can make me stay is if you give me more so I c
an stay
this way
Paralyzed
You went to sleep alone but you woke up to a surprise

yeah!!!
