

## Seconds

### Fat Freddy's Drop

Make your move if you dare  
Be sure to stay aware  
Seconds count in this game  
And yourv got no one to blame but you  
And if it comes face to face stand true,  
And if it comes face to face stand true

Theirs too much to take in so don't think about the wind  
Stay online and we'll decide your fate (show deception)  
Let the good times roll again my friend (always hold  
On)

You could be my long lost friend  
Say what you wanna about me like a friend would do  
(Yeah Yeah)  
I'll even let you choose my name but only one that suits  
My personality (yeah yeah)  
I feel as though werv met before  
It doesn't really matter to me either way  
I'm starting out again brand new  
I can't remember anything 'cause yesterday  
(All alone x2)  
All alone your broken bottled high way up and down your  
Street  
Pigments of a dream collect like fallen leaves  
(Twisting in the wind)  
And if it gets hard to stand sometimes  
Just remember  
Some get lost off the track  
You move on and never look back

You could be my long lost friend
