

Better Off Alone

Faydee

You can call it what you want, glad I let you go.
I know that I'm better off, better off alone
You can call it what you want, glad I let you go.
I know that I'm better off, better off alone

I'm better off without you, I thought I knew you..didn't know t
he real you
It turns out the past was tensing up and now that your gone..I'
m better off alone

You can call it what you want but I don't give a fuck, no I don
't give a fuck
You can call it how you want but I don't give a fuck, no I don'
t give a fuck

heyyyy take me far away oh oh oh take me far away
heyyyy take me far, far oh oh oh take me far away

whats the point of waiting, anticipated, thinking your changing
when you don't give a damn about me its obvious...I'm better of
f alone

You can call it what you want but I don't give a fuck, no I don
't give a fuck
You can call it how you want but I don't give a fuck, no I don'
t give a fuck

heyyyy take me far away oh oh oh take me far away

heyyyy take me far, far oh oh oh take me far away

I'm better off without you, I thought I knew you..didn't know t
he real you
It turns out the past was tensing up and now that your gone..I'
m better off alone

You can call it what you want but I don't give a fuck, no I don
't give a fuck
You can call it how you want but I don't give a fuck, no I don'
t give a fuck

heyyyy take me far away oh oh oh take me far away
heyyyy take me far, far oh oh oh take me far away

You can call it what you want [x2]
I know that I'm better off [x2]
You can call it what you want, glad I let you go
I know that I'm better off, better off alone

You can call it what you want, glad I let you go
I know that I'm better off, better off alone.
