

Mother Earth, can you feed us now?  
Feed me now, feed me now  
Mother Earth, can you see us now?  
Hold me down, hold me down

Revolution, revolution  
Revolution, revolution

Mother Earth, can you feed us now?  
Burst the bug, be forever loved  
Hold me down, you can't hold me down  
Break the bones, throw your stones

Revolution, revolution  
Revolution, revolution  
Revolution, revolution

You gotta fight it, you can fight it, no one else will  
You gotta fight it, you can fight it, no one else will  
You gotta fight it, you can fight it, no one else will  
You gotta fight it, you can fight it, no one else will

Feed me now, see me now  
Mother Earth, can you see us now?  
Throw the stones, throw the stones

Revolution, revolution  
Revolution, revolution  
Revolution, revolution, revolution
