

Dove Grey Sands

Feeder

Seein' life begin
Hear the oceans sing
It takes you back
Pulls you back
Brings you home

See your face in stone
A hollow moon above an aching sky
Silent night
Brings you home

Left without a place
Lonely inner space
That you can breathe
It's the essence of a love
My love

Lead by devotion
Celebrate, celebrate
Celebration
Dove grey sands

Lead by devotion
Celebrate, celebrate
Celebrate now
Dove grey sands

Narrow days alone
Pushing for the sun
Don't hide away
Burn to grey
One soul

Facing life alone
Numbers on a phone
To help you back
Send it back
Bring you home

Left without a place
Lonely inner space
That you can breathe
It's the essence of a love
My love

Lead by devotion
Celebrate, celebrate
Celebration
Dove grey sands

Lead by devotion
Celebrate, celebrate
Celebrate now
Dove grey sands

Feelin' like it's over
It's just the start

I can't hear you again
Dreaming of the ocean
As waves come in
I can't hear it again
