Feeling the moment slip away Losing direction, you're loosing faith You're wishing for someone, Feeling it all begin to slide Am I just like you? All the things you do - can't help myself... How do you feel when there's no sun? And how will you be when rain clouds come and pull you down aga How will you feel when there's no one? Am I just like you? Turning to face what you've become, Buried the ashes of someone Broken by the strain Trying to fill that space inside Am I just like you? All the things you do - can't help myself How do you feel when there's no sun? And how will you be when rain clouds come and pull you down aga in? How will you feel when there's no one? Am I just like you? All the things you do Don't ever feel that you're alone I'll never let you down, I'll never leave you dry Don't fall apart, don't let it go Carry the notion, carry the notion back to me, to me... Feeling the moment slip away Feeling the moment slip away Cause I'm just like you How do you feel when there's no sun? And how will you be when rain clouds come and pull you down aga in? How do you feel when there's no one?

Am I just like you?
