Staring at paperfaces Expressions like empty pages Day after day

Waiting for the lights to change now Reaching for a cloud to come down And cover me

Can't shut you out Can't get you out Can't take you down Can't watch you drown

Waiting for the world to change now Dissolution takes a bit out And swallows me

Looking for a way to get out Wishing that the rush would come down And smother me

Can't shut you out Can't get you out Can't take you down Can't watch you drown

If you can learn to be yourself, then that's okay If you can find a reason now, don't drift away

Walking down streets to nowhere Stepping on feet with no cares Losing myself

Can't shut you out Can't get you out Can't take you down Can't watch you drown

Can't shut you out Can't get you out Can't take you down Can't watch you drown
