

# Thanks For Nothing

Fefe Dobson

The best part of my life since you been gone  
Is to sing as loud as I want in the car  
I'm turning it up without you  
It's the best part, it's the best part

Take as long a shower as I want  
Take my time to put my makeup on  
Live my life without you  
It's the best part, it's the best part

You made it easier to let you go, let you go  
You made it easy to say

Thanks for nothing  
Thanks for giving my life back  
Thanks for showing me what I don't need  
Thank you, that's the wrap

Thanks for leaving  
Now I'm gonna celebrate  
'Cause my nights are free  
And I can be with anyone I like  
Thanks goodbye

The best part of my life since you've been gone  
Is waking up in someone else's arms  
And feeling beautiful, oh  
It's the best part, it's the best part

My game is stronger than it's ever been  
Turning heads whenever I walk in  
If you could see me now  
It's the best part, it's the best part

You made it easier to let you go, let you go  
You make it easy to say

Thanks for nothing  
Thanks for giving my life back  
Thanks for showing me what I don't need  
Thank you, that's the wrap

Thanks for leaving  
Now I'm gonna celebrate  
'Cause my nights are free  
And I can be with anyone I like  
Thanks goodbye

If you hadn't been so cold  
Then I'd never be this hot  
And I've never felt so good  
I'm just sayin' thanks a lot

And thanks for giving my life back  
Thanks for showing me what I don't need  
Thank you, that's the wrap

Thanks for leaving  
Now I'm gonna celebrate  
'Cause my nights are free  
And I can be with anyone I like

Thanks for nothing  
Thanks for giving my life back  
Thanks for showing me what I don't need  
Thank you, that's the wrap

Thanks for leaving  
Now I'm gonna celebrate  
'Cause my nights are free  
And I can be with anyone I like  
Thanks goodbye
