

Glorious King

FFH

We come with broken spirits
We come with broken lives
People in need of a savior
We come as a sacrifice

Oh Lord Jesus come!
Come and kneel with us

God of all the universe
Breathe again in us
We will wait for you our Glorious King
You are mercy you are love
You can lift us up
We will worship you our Glorious King

We come with nothing to offer
We come with nothing to lose
A people seeking communion
We come seeking you

Oh Lord Jesus come!
Come and kneel with us

God of all the universe
Breathe again in us
We will wait for you our Glorious King
You are mercy you are love
You can lift us up
We will worship you our Glorious King
We will worship you our Glorious King

We will rise and we will fall
You are all the one [x3]
When everything we work fails
You are faithful still, yes [x3]

Oh Lord Jesus come!
Come and kneel with us

Oh Lord Jesus come!
Come and kneel with us

God of all the universe
Breathe again in us
We will wait for you our Glorious King
You are mercy you are love
You can lift us up
We will worship you our Glorious King

God of all the universe
Breathe again in us
We will wait for you our Glorious King
You are mercy you are love
You can lift us up
We will worship you our Glorious King
We will worship you our Glorious King
We will worship you our Glorious King
