

Hello, Baghdad

FGFC820

I am the prince of the burning shores
Selling the promise of virgins and whores
Of war, filth and disease
Bringing humanity to its knees

Keep manipulating
Still anticipating
Stop for a moment
Miles more to go

Beg, steal or borrow
Kill like there's no tomorrow
Hello, Baghdad
Welcome to the show

I am the chairman of the board
Selling my soul as a corporate whore
My world is power and greed
Blood and oil my commodities
