## **Miss Blue**

Could you stay long enough for me to say goodbye You can be free as long as you're with me If you could see the real me you'd bleed If you could see the real me I'd breathe Could you still breathe long enough for me Could you still be long enough for me

When do you think I'll be okay When do you think I'll be okay

If I should stay when do I pray If I should stay where do I begin Do you think I should watch you die Should we close our eyes and say goodbye

When do you think I'll be okay When do you think I'll be okay When do you think I'll be okay When do you think I'll be okay

Hey you miss blue You think that I'm well to do Hey you miss blue I fell in love with you Hey you miss blue I think about you as true Hey you miss blue I hate it when you cry Hey you miss blue I hate it when you say goodbye Hey you miss blue I hate it when you say goodbye

When do you think I'll be okay When do you think I'll be okay When do you think that I'll be okay When do you think that I'll be okay

("When do you think I'll be okay, I'll be okay" is repeated in background)

Hey you miss blue You say goodbye You say goodbye yeah Don't say goodbye Say goodbye

Good bye Good bye Good bye Good bye Good bye Good bye Filter
