

# As Hard as It Is

Fine Young Cannibals

1. Life's been quiet since you've been gone  
It's no fun burning for one  
I was happy before you came  
Now you're gone it's just not the same

R1: Lord knows as hard as it is, as hard as it is  
They know how just how hard it is  
Lord knows as hard as it is, as hard as it is  
He knows just how hard it is

\*: I missed you bad I want you now my, my darling  
It drives me mad not now having you here

R1: Lord knows as hard as it is...

R2: Lord knows how hard it gets, as hard as it is  
He knows he knows he knows just how hard it is  
Yeah they do and he gives word  
I know I know I know I know how much it hurts

R3: I do I been down too  
I know how you must feel ain't it true
