

Ride on and turn the people on

Finley Quaye

Never mind morgan
Thieved my mamma's tomato
Thieved her sweet potato
Reball the banana
Then they make it hyper
For us to live together
My generation
Got to stand up in love
The higher the more
The stronger the harder
Do you see it
Hey
Those who have eyes like a don

Ride on and turn the people on
Ride on and turn the people on
