

Gittin' In That Ass

Fishbone

Treat me like a stepchild
'cuz I act a little wild
tried puttin' me behind
Just cuz you think I lost my mind
You see me as insane
and I don't fit in your picture frame
You'd rather throw me out,
than to look deep into what I'm all about

Wide awake and working while your ass was fast asleep, (I'm gonna git'cha now)
slowly climbing up, from the bottom of the heap, (I'm gonna git'cha now)
Show me no respect and you try to play me cheap, (I'm gonna git'cha now)
Your shit hole is my target and my foot is going deep,
That's why I'm gettin' in that ass
That's why I'm gettin' in that ass

Label me a bottom dweller
And keep me deep down in your cellar
Vermin to your eyes,
I should go eat shit, the fate of flies,
Your above and I'm below
I should be happy with the scraps you throw
It's just the way you think
You're top rank and I'm rinky-dink

Funny how the tide will turn, and positions switch, (I'm gonna git'cha now)
I'm headed toward the mountain top, when I was inna ditch, (I'm gonna git'cha now)
My foul ball is curving right into a perfect pitch, (I'm gonna git'cha now)
When I say fuck you, keep in mind you'll be my prison bitch,
That's why I'm gettin' in that ass
That's why I'm gettin' in that ass,
That's why I'm gettin' in that ass,
That's why I'm gettin' in that ass

You never thought I would surpass,
The obstacles, but alas,
I put the morass in my past, at last
That why I'm gettin' in that ass
You underestimate my will,
and trivialize the things I feel,
Your arrogance and your pride,
allowed me to exploit your blind side
You didn't see me comin'
I took the lead and now you're bummin'
The rompus of the pompus,
You think we'll sit still so you can stomp us

Wide awake and working while your ass was fast asleep, (I'm gonna git'cha now)
slowly climbing up, from the bottom of the heap, (I'm gonna git'cha now)
Show me no respect and you try to play me cheap, (I'm gonna git'cha now)
Your shit hole is my target and my foot is going deep,
That's why I'm gettin' in that ass
That's why I'm gettin' in that ass,
That's why I'm gettin' in that ass,

That's why I'm gettin' in that ass

You never thought I would surpass,
The obstacles, but alas,
I put the morass in my past, at last
That why I'm gettin' in that ass
I'mmoe put my muthafukkin' foot in ya ass
Foot in ya ass!
I'mmoe put my muthafukkin' foot in ya ass
Foot in ya ass...
