

# Shakey Ground

Fishbone

Lady luck and a four leaf clover  
Won't ease this hurt I feel all over  
My life was one big special occasion  
Until your leaving damp with the situation

Standing on shakey ground  
Ever since you put me down  
Standing on shakey ground  
Ever since you put me down

My car got resposessed this morning  
Hard times I haven't seen in years  
Girl you better thwor me a life preserver  
I'm about to drown in my own tears

Standing on shakey ground  
Ever since you put me down  
Standing on shakey ground  
Ever since you put me down
