

## Blue Spotted Tail

Fleet Foxes

Why in the night sky are the lights hung?  
Why is the earth moving round the sun?  
Floating in the vacuum with no purpose, not a one  
Why in the night sky are the lights hung?

Why is life made only for to end?  
Why do I do all this waiting then?  
Why this frightened part of me that's fated to pretend?  
Why is life made only for to end?

In the city only for a while  
Here to face the fortune and the bile  
I heard you on the radio, I couldn't help but smile  
In the city only for a while

Why in the night sky are the lights hung?  
Why is the earth moving round the sun?  
Floating in the vacuum with no purpose, not a one  
Why in the night sky are the lights hung?
