## Walk a Thin Line

**Fleetwood Mac** 

I seen so many things that make me wonder But sometimes it's hard to tell I said, "Take your time" But no one was listenin' I walk a thin line

They told me that I never would recover Still some say they knew me well I said "Stay by my side" But no one said nothin' I walk a thin line

And I said "Please toe the line" But no one said nothin' I walk a thin line

And I said "Fate takes time" But no one was listenin' I walk a thin line
