```
Someday we gonna rise up on that wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and keep on flyin'
```

They tellin' me it's all good just wait
You know you're gonna be there someday
Sippin' on Jim Beam ok
Gotta get these things one day
Till then do another line you know
Searching for that other high
Stop or I gotta steal then steal
Kill or I'm gonna be killed
I got a sack in my pocket
Conscious yellin' drop it
You know we're gonna lose it someday
And we tryin' to hold it all together
But the devil is too clever so
I'm gonna die you gonna die we gonna die
Someday one day I said

Someday we gonna rise up on the wind you know Someday we gonna dance with those lions Someday we gonna break free from these chains and keep on flyin'

Try to lie but it ain't me Ain't me try to look but I can't see Can't stop right now cause I'm too far And I can't keep goin' cause it's too hard In the day in the night it's the same thing On the field on the block it's the same game On the real if you stop then it's no pain But if you can't feel pain then it's no gain Rearrange and you change and it's all bad And you try to maintain but you fall back And you crawl and you slip and you slide down Wanna make it to the top better start now So I hold my soul and I die hard All alone in the night in the graveyard Someday one day I'm gonna be free And they won't try to kill me for being me Hey someday

Someday we gonna rise up on that wind you know Someday we gonna dance with those lions Someday we gonna break free from these chains and keep on flyin'

If you know how this is
Gonna see it's not that easy
Don't stop get it till it's done
From where you are or have begun
I said keep on try a little harder
To see everything you need to be
Believe in your dreams
That you see when you're asleep

Someday we gonna rise up on that wind you know

Someday we gonna dance with those lions Someday we gonna break free from these chains and keep on flyin' $\!\!\!$
