Beautified diversity, functioning as one body Every part encouraged by the other No one independent of another You're irreplaceable, indispensable You're incredible, incredible

Beautiful bride, body of Christ One flesh abiding, strong and unifying Fighting ends in forgiveness Unite and fight all division, beautiful bride

Strengthen your arms now, train your fingers for battle Urgency's here now, train your fingers for battle Fighting this violence with your feet wrapped in peace Sad tears and silence, now screams of joy, victory

Beautiful bride, body of Christ One flesh abiding, strong and unifying Fighting ends in forgiveness Unite and fight all division, beautiful bride

Beautiful bride, body of Christ One flesh abiding, strong and unifying

We're not gonna fall and forget How far you went to pick us up If one parts hurt the whole body's sick If one part mourns we all mourn with him

Rejoice, we'll sing with you Hallelujah, hallelujah, hallelujah

Beautiful bride, body of Christ One flesh abiding, strong and unifying Fighting ends in forgiveness Unite and fight all division, beautiful bride

Beautiful bride, body of Christ One flesh abiding, strong and unifying Fighting ends in forgiveness Unite and fight all division, beautiful bride
