

# Swept Away

Flyleaf

Help help help  
Out out out out out out  
Now now now now now

Evil fell from your pretty mouth  
Wrapped in your classic voice  
Angelic in your syntax  
Demonic in your motive  
Your pretty eyes don't know that  
The water flowing from this well isn't fresh  
Demolish all that sets you up against your rising up  
Confessing all that's broken and watch the healing come  
Spread out your open hands  
Admit you've held them shut  
Turn all the way around  
Be swept away by this

Time for surrender  
Spread out your open hands  
And He will raise you up  
Confessing all that's broken  
And watch the healing come  
Spread out your open hands  
Admit you've held them shut  
Be swept away by this

Your clothes are smooth and spotless  
The air is putrid sewage  
Downwind of your pressed church clothes  
Your eyes are black and empty  
Your deeds are just for showing  
How big and bright your fake smile glows  
I see you moving and they're getting scared  
Their eyes are focusing on something else  
You're staring at me and I stare at you  
I rage against everything that you do

See them surrender  
Spread out your open hands  
And he will raise you up  
Confessing all that's broken  
Look at the healing come  
Spread out your open hands  
Admit you've held them shut  
Be swept away by this

I see you moving and they're getting scared  
Their eyes are focusing on something else  
You're staring at me and I stare at you  
I rage against everything that you do  
Get this hell out out of my way  
There's nothing more that you can say so  
Get this hell out get this hell out out out of my way  
So get this hell out get this hell out out out of my way

We spread our open hands  
And He is rising up

Repairing all that broken  
Look at the healing come  
We spread our open hands  
Forgiveness holds them up  
We're swept away by this

Out out out out out out
