

White Onions

Foals

I see you lie, I see you lay, I see you there
Oh oh
I'll fight for it, I'll fight for it, I'll fight for it
Oh oh
I see you there, I see you there, I see you there
Oh oh
You keep me there, you keep me there, you keep me there
Oh oh

It's getting late now, my head goes kaboom
Escape from this room and I'll wait for a wave
To come wash away, keep me out of this place
I'm far from rare, don't keep me there
Don't keep me there, I'm far from rare

I see your legs, I see your legs, I see your legs
Oh oh
I break the cage, I break the cage, I break the cage
Oh oh
I'm hearing things, I'm hearing things, I'm hearing things
Oh oh
I break the cage, I break the cage, I break the cage
Oh oh

I see you lie, I see you lay, I see you there
Oh oh
I'll fight for it, I'll fight for it, I'll fight for it
Oh oh
I see you there, I see you there, I see you there
Oh oh
I see you there, I see you there, I see you there
Oh oh
