

Back For A Taste Of Your Love

Foghat

Here I come, comin' for a taste of your love,
Here I come, 'cause I like what you're doin' to me.
Little by little, bit by bit,
I'm fallin' in love all over again.

Here I come, just like I did before,
Here I come, love this time I'm sure.
It takes two to make it,
And I know I can't take it again.

Here I come, comin' for a taste of your love,
Here I come, just like I did before.

What you did, you just came down on me.
You got the lock, but baby I hold the key.
Little by little, bit by bit,
I'm fallin' in love all over again.

Comin' for a taste of your love,
Comin' for a taste of your love,
Comin' for a taste of your love,
Comin' for a taste of your love.

I'm comin' for a taste of your love,
Comin' for a taste of your love,
Comin' for a taste of your love,
Comin' for a taste of your love.

Comin' for a taste of your love,
Sweet, sweet taste of your love,
Comin' for a taste of your love,
Sweet, sweet taste of your love.

C-c-comin', c-c-comin', c-c-comin' for a taste of your love.
C-c-comin', c-c-comin', c-c-comin' for a taste of your love.
